

Jennifer Palmer, The Contemporary PA

Bournemouth, Dorset
United Kingdom

I'm on hand for all your marketing and admin needs; from blog writing and newsletters to transcription. I currently offer a 10% discount for my services and I always provide a free consultation. I am also offering Zoom consultations, whereby we screen share and I can help you to work on your blog, website, etc virtually. I have over three years' experience working on Marketing, PR and Comms activity for the charity, marine and technology sectors. I worked at a social enterprise in London and volunteered as a Press Officer for a youth charity in Dorset and I love having the opportunity to provide marketing solutions that make a difference and have a positive impact. Based in Bournemouth, I also volunteer as a Digital Champion to assist the Winton community with their tech bugbears. I currently help clients with

copywriting, social media, MailChimp emails, designing adverts and data inputting. I particularly enjoy creative projects and designing imagery on Canva. My passion for travel was fuelled after living in Nepal for five years and I love meeting new people. I love Zumba, singing in a choir, baking and swimming. Let's have a virtual coffee and I'll help your business to flourish!
